A feature of the American league season has been the rapid development of Patterson, who pitched for the Duluth team last season. He rounded into form early in the season and came down the home stretch, the best pitcher in the country. It was largely due to his clever work that the White Stockings carried off the flag. The following is the record of the leading twirlers in the American league, in order of returns showing Patterson, the king projector of slams, drops and curves:

AMERICAN MACARONI. Macaroni is a cheap food and contains a great deal of nourishment. It is usually made of the best wheat flour and forms a condensed food and an agreeable and suitable substitute for meats. It can be obtained in any part of the country, for a long time and is always so palatable. The American macaroni seems to be in choice of long and short varieties. The reason it has been considered that the best kinds come from Italy, where so much of it is made, is that the price has overcome this obstacle and we are enabled to obtain it in large quantities, shipping it back to the original market in large quantities. There is a variety of macaroni, but the most common are boxes. Some of this is quite equal to the best Italian. It is not so good as the one that the package variety is and better to try it before buying in any quantity. NEW YORK, Sept. 22.—(Special to The Herald.)—The most successful actress of the present season in New York is Grace George, who is playing 'The Greatest Thing in the World' at the Lyceum Theatre. Her performance has been a triumph, and she is the only actress who has been able to hold her own in the play since its first production.

heart strings and pure feelings of sympathy. Mrs. May, in turn, is a star in the play. Her performance has been a triumph, and she is the only actress who has been able to hold her own in the play since its first production.

An interesting manifestation of progress in dramatic art is the conspicuous popularity of gallery plays among the smart set at Saratoga. Popular prices have been fixed at that resort without exception, the newly rich believing that nothing under \$2 could be worth seeing. As a result, the management, raised prices without in any way elevating the tone of the plays. Consequently, the cultured and wealthy representatives of New York society at the Spa are enjoying such thrilling productions as Frank Harlow's 'The Duke'.

It is refreshing to learn, however, that all the credits must be to the credit of the performers. Frank Harlow, Charles Vanne, Norman Conners, Paul Carson, Robert V. Morgan, Charles Plunkett, Frank McCormack, Paul Weigel, Charles J. Hurlbut, William W. Brown, N. H. Gray, Hugh Cameron, Otto St. John, Arthur Row, George R. Bonn, George H. Haynes, Laura Maguire, Mary E. Barker, Adeline Bennett, Frances Leland, Mary M. Kern, Clara Evers, Agnes Bruce, Evelyn Hoyt, Emily Stevens and Katherine Ferguson.

Then follow the scenes in which Richard flings back the taunts of the loyalists and gives the toast 'Lexington' to their shouts of 'Down with the rebels!' Swords are drawn, Richard engages the duke, and then escapes.

The end of the play is in 1777. The British have landed near Annapolis and Carrol and Capt. Claiborne have their continuous trances in the act of the signal to enter. Richard and Dorothy are telling each other of their love when the duke of Clarence surprises them, captures Carrol and binds him with straps. The duke is having it all his own way when Claiborne of a timely rescue, and the curtain falls on the two lovers in each other's arms.

MRS. FISKE'S PLANS.
Mrs. Minnie Madden Fiske has arranged her plans for the coming season and is now rehearsing her company for 'The Duke'. She will open her season in Bridgeport on Oct. 2, and will then tour the country in a tour of the season.

A PAINFUL TASK.
Probably no actor has even had a more painful task to accomplish than that which has just fallen to the lot of Fritz Williams, says the New York Telegram. He is the only actor who has been able to hold his own in the play since its first production.

But you will see it all in a year's time, for Mr. Hawkey is to bring it over to this side during the season of 1901-2. Mr. Hawkey, by the way, employs in playing his role in 'A Message From Mary' the peculiar new habit of speech that is the rage in London. It is a fashion of dropping 'g's and otherwise changing the sound of words, that has spread abroad in England during the last five or six years. Probably the fall will soon be brought to this side by American actors now visiting London. English actors who come to this country invariably so home with the most pronounced American accents.

A Life Saved by Dr. Williams' Pink Pills for Pale People

Miss Frankie Hathaway, of Sixteenth Street, Holland, Mich., says: "I am twenty-one years old. At sixteen I was pale and weak. By the time I was nineteen years old I was so weak I could not walk across the floor. I was terribly emaciated and my skin had lost all color. The doctor pronounced the disease Anemia. Being advised to try Dr. Williams' Pink Pills for Pale People, I bought a box, and before I had taken all of the pills found that they were doing me good. Appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I found myself permanently cured. Since then I have had no return of my old trouble. I know that Dr. Williams' Pink Pills for Pale People saved my life, and I believe that no other medicine could have done it."

The assessed valuation of Houghton county, which comprises the best part of the Lake Superior copper district, was \$22,000,000 in 1898. The commissioner of the copper district, who has been in charge of the valuation of the copper mines in the district, has been in charge of the valuation of the copper mines in the district.

Some of the larger mine valuations, as estimated by the commission, appear as follows:

| | |
|----------------|-------------|
| Culmet & Hecla | \$6,757,550 |
| Calumet | 11,000,000 |
| Timberline | 1,400,000 |
| Osceola | 6,850,000 |
| Isle Royale | 2,400,000 |
| Arcadian | 2,400,000 |
| Contoing | 1,300,000 |
| Wolverine | 1,250,000 |
| Little | 1,250,000 |
| Franklin | 1,000,000 |
| Champion | 1,000,000 |

Some of the other mines of the county are assessed as follows:

| | |
|-----------------|-------------|
| Calumet & Hecla | \$6,757,550 |
| Calumet | 11,000,000 |
| Timberline | 1,400,000 |
| Osceola | 6,850,000 |
| Isle Royale | 2,400,000 |
| Arcadian | 2,400,000 |
| Contoing | 1,300,000 |
| Wolverine | 1,250,000 |
| Little | 1,250,000 |
| Franklin | 1,000,000 |
| Champion | 1,000,000 |

It was rumored a year ago that the Calumet & Hecla was preparing to open shafts on the Kearsarge-Isle Royale, but the thing was then officially denied. Recent developments lead to the impression that the Calumet & Hecla people are preparing for the opening of a new mine on the Isle Royale, at some time not far distant. That such a mine will be opened is a certainty, and it should not even be a larger mine than that on the Isle Royale of the Calumet & Hecla. The mine will be opened at some time not far distant. That such a mine will be opened is a certainty, and it should not even be a larger mine than that on the Isle Royale of the Calumet & Hecla.

Developments in the Baltic district and further evidence in support of the opinion now generally held that the district will produce some of the best ore in the Lake Superior. A new mine of phenomenal richness, has recently been discovered at the Champion mine. Work is being pushed at the Baltic, Trumountain and Champion, which are in a row in the order named, ranging from north to south. The likelihood of other gold mines being developed in the present boundary of southern work is very strong. It now seems most probable that the old mine property, owned by John Stanton, which stretches across the entire mineral formation, may show something of value when exploratory work is undertaken.

The Englishmen, who had to an idea with regard to the district, remain religiously convinced that there is an American corner on copper and that it is by reason of this wicked corner that the price of the metal is so high. They are unable to explain why it is that the copper production of the world is being taken by manufacturers as rapidly as required, but despite the evidence plainly set before them hold to the theory of a Yankee corner in the metal.

A New Safety Match.

A match has been discovered which can be manufactured absolutely without the aid of phosphorus. The safety match contains neither red nor yellow phosphorus nor a compound of arsenic, but possesses the great advantage of being able to be manufactured with the plant and machinery already in use. Invention still strikes outward through every line, and yet there are some things which seem impossible to improve upon. For instance, Hostetter's Stomach Bitters, that famous medicine, has stood unqualified for fifty years as a corrective of stomach disorders. Imitations have sprung up about it, but like a beacon light it has stood immovable, pointing the way to health from all such ailments as constipation, indigestion, dyspepsia, biliousness, sluggish liver or weak kidneys.

Richard Carvel Staged.

On account of the popularity of the novel, great interest was attached to the first performance of 'Richard Carvel' at the Lyceum Theatre in New York last week. John Drew has the title part in the play.

In the dramatization of 'Richard Carvel' the action hinges on the love of the Duke of Clarence and Dorothy, who are telling each other of their love when the duke of Clarence surprises them, captures Carvel and binds him with straps. The duke is having it all his own way when Claiborne of a timely rescue, and the curtain falls on the two lovers in each other's arms.

PACK AWAY OLD MOODS. Sometimes the little familiar domestic duty of putting away the winter clothes seems to suggest that it would be a good idea if we would carry the process into spiritual things as well as material, says a writer in the Brooklyn Eagle. What a pity that we can't pack away old ideas and worn-out habits and unlovely attitudes like we do our discarded garments and get a brand new outfit, clean and fresh and sweet every hour, and then, says the Pittsburg News, There's the old enemy that we have been cherishing so long. Surely it is high time to fold that away and pack it down in the

very bottom of our recollection, where we won't see it every day. There's the fact that we have worn into wrinkles. Why not hang it up in the lumber room and at least adorn ourselves with a new one that is up-to-date? There are little slushy ways of doing things and we have fallen into the way of indulging ourselves in just as we have in an untidy wrapper, and we might as well pack both of them away together to make room for something more in keeping with the freshness and loveliness of the spring. Let's pack away all of the disagreeable old things of the winter with the winter clothes, and take a fresh start in life.

To Pray or Not to Pray

Opinions For and Against the Anti-Canteen Prayer-Chain Are Expressed By Distinguished Christians.

Owing to the unique character of the anti-canteen prayer chain movement we have requested brief non-partisan statements from leading persons on the subject, with the following results:

Culver Baptist Church, New York City, Sept. 20.—It is to be lamented that the canteen question is still a sensational element in our political life. It is a pity that it cannot be settled on physiological, economic and ethical grounds. It is equally a pity that our soldiers and sailors do not see that they are vastly better off without intoxicating liquors. They are subjected to various climatic changes and sometimes they may need medicine to use them.

But the canteen is not a necessity and therefore it should be abolished. How this is to be done is a question not easily answered.

If those in our army and navy cannot restrain their appetites from a long drink they will obtain it at all hazards, canteen or no canteen. The demon thirst which holds in its grasp the sailor and the soldier is a demon that cannot be fought by reason and subterfuge of every manly impulse. But to dispose of the canteen and to put an end to the saloon the manufacture of liquors must be stopped.

How is this to be done? Can it be accomplished by legislation or political reform?

To save a free from decay at the root we do not trim the branches. So to cure an evil so gigantic as liquor drinking you must work at the heart life of the victim of the cup. When the drunkard is made a sober citizen so far the evil is diminished.

We would therefore take the canteen problem and the canteen question out of politics and relegate them to the realm of ethics. Here members of all political parties who believe in temperance reform and the members of all Christian denominations can work together. The state should see to it that instructions in the public schools should be given regarding the evil of intemperance and scientific experiments be made showing the destructive effects of alcohol upon the body and brain.

There should be intelligent teaching along the same line in the home.

The American people should thunder against this colossal evil and become an collector of the young men, converting the peril and degradation and demoralization to which the drinking habit leads.

I cannot see, then, why I should be asked to refrain from voting for a president or any other official because a party

does not enact laws or measures to destroy the liquor traffic.

As things are, how can either of the existing political parties bring about such a much desired result? No one would be gladder than myself to see the blighting curse removed.

The individual voter has his own convictions, and after weighing every question he must act according to his best judgment.

It is un-American to interfere with one's liberty touching the rights of franchise and the respective parties should not members of the two dominant parties by propagandists hinder rather than help the cause they seek to promote. It seems like soul without knowledge.

FRANK HENRYS MORSE, D.D., PH. D.

New York, City, Sept. 20.—In reply to your letter, as to my views regarding the propriety of the prayer chain as a means of opposing a candidate for the presidency.

As to the propriety of it, I must confess that after looking squarely at the question, I fail to see where there can be any propriety about it.

It surely cannot be any more improper for a woman to pray against a candidate whom she feels to be unfit for office, than it is for a man to vote against him.

From what I can glean from scriptures, matters of this kind ought to be as much a matter of prayer as a matter of vote. I, e. men should pray first, and then vote in accordance with their prayers. If the men vote to elect a candidate for the presidency, then let the women do it.

We are commanded to pray for rulers, and those in authority. If we pray at all good ones, also that God will give them wisdom to rule the country in righteousness and peace.

If we have a bad ruler, I cannot see any propriety in praying him out of office. In fact if he is bad, if his administration is bad he ought to be out, and if the men vote him out, then let the women pray him out.

And then again, what other redress have the women of our land, but prayer, to oust a ruler whom they think unfit to rule.

I am not a woman suffragist, and I do not advocate women voting, but I ask again, what other redress has she but prayer? We are told that she was created to be man's helpmate, but in what? In aiding him in his voting as well as in other things.

The husband consult his wife in this as well as other affairs. The administration is his as much as much, if not more than it does him.

If it is an administration that counts, and about the liquor traffic, she must furnish the boys and the husbands who are to be consumed by that traffic.

Let him watch her as the light of happiness dies out of her eyes, and the roses vanish from her cheeks, she walks again after night for her drunken husband, who gives her naught but curses in return, or as she sees her precious darling son, caught in the awful vortex of that traffic, supported by the administration, his own father voted for, let him get into some secret place where he can hear the blood dripping from her broken heart drop by drop, when he can hear her agonized prayer going up to God for deliverance from a corrupt administration.

Then on election day, instead of going to a saloon, and filling himself with lead whiskey, and going to the polls to vote with his brain in a muddled condition to vote for something he knows not what, let him go from his wife's place of prayer, and vote as the voice of conscience, of right, and of principle bid him vote, let him vote with a clear mind, and our land

will see a revolution that shall be bloodless, and the whole country shall become the kingdom of God and His Christ.

I can see no propriety in women praying for a good ruler, let them pray on.

The Bravery of Woman

Was grandly shown by Mrs. John Dowling, of Duluth, Pa., in a three years' struggle with a malignant stomach trouble that caused distressing attacks of nausea and indigestion. All remedies failed to relieve her until she tried Dr. Pierce's Kidney and Bladder Pills. After taking it two months, she wrote: "I am now wholly cured and can eat anything. It is truly a grand tonic for the whole system as I gained in weight and feel much stronger since using it." It aids digestion, cures dyspepsia, improves appetite, gives new life. Only one guaranteed at W. A. Abbott's drug store.

Private advices from Havana indicate that Cuba has been

serious. The fever exists in the best parts of the city and among Americans who have gone there.

It is said at the war department that no fears are entertained of a serious outbreak among the troops of the United States, as they are outside of the city and have no contact with the natives.

The outbreak is not unexpected, as fever usually develops about this time and is more prevalent here during the months of October and November than in the spring. Surgeon General Sternberg does not think there need be any apprehension concerning the spread of the disease.

It is talked of without doubtfully accept, it is appointed. In the first place there is a degree of uncertainty as to the manner in which the election and whether the result will say is as not problematical. There is, too, the justice of peace that is appointed to give the election and whether the regular city elections in February, when the people of the district will elect a mayor and councilmen, will be held. The council might not make the choice of the people next spring, and he would have all the trouble of establishing a court of justice and a police force. The fighter business, as is usually the case, is in the beginning of a justice's court.

IT SHOULD BE REMEMBERED.

WEST DULUTH BRIEFS

Madrid, Sept. 21.—Marshal Campos, whose death occurred yesterday, was for a quarter of a century a leading soldier and statesman of Spain. Since 1879, the Republican club of West Duluth has a large sign up at the entrance of Stewart hall announcing the headquarters. The Bryan club, it is understood will have one up in a few days.

SHORTAGE IS FOUND

George F. Chester's Accounts Show Several Thousands of Dollars Missing.

HIS BOOKS NOT FOUND

Nothing That Will Throw Light on His Affairs Has Been Discovered.

It begins to look as though there was a serious shortage in the funds in the custody of the late George F. Chester, former clerk of the district court. In the chaotic condition of his personal accounts to which appears little light as yet, while there is a chance that everything will be explained when the accounts are audited, at present there is starting to examine in the face an apparent shortage amounting to perhaps \$20,000.

At the time of his death there was no shortage of any kind of condition of affairs. It was known that he had been spending money recklessly, and that he had been taking out large sums of money from the bank, but it was not supposed by any means that he was taking out more than he was putting in. The accounts are in a state of confusion, and it is not possible to make a statement of what he has done so far, but indications at present point that way.

An investigation into the matter is being made by M. H. McMahon, who was appointed special administrator of his estate in probate court Saturday, and within a short time the full truth will probably be known.

In the event that the shortage is as great as now feared, there will be little chance of his being re-elected. There is a bond of \$100,000 with the American Bonding and Trust company as surety, but it is said that this is the only person as the accounts were with Chester's clerk, and the company is not liable for the loss.

A. J. Taylor, who was Chester's chief clerk, said this morning that he knew nothing whatever of the condition of Mr. Chester's accounts. A few weeks ago, he was called to the city by Taylor, but he left it to the administrator of the estate to take charge of the books and to make out figures on the condition of the funds.

All that is known is that when Mr. Chester died, he had a large sum of money in his hands, and that he had been taking out large sums of money from the bank, but it was not supposed by any means that he was taking out more than he was putting in.

THE FIRST CLOAK, SUIT AND MANTLE OPENING

ever held in Duluth will be inaugurated at
The Pantom & White Store, Tuesday, September 25th.

1000 Pictures!

Aluminum reproductions of Famous Paintings by Stiffeck and Aubert; titled "Love Grown Cold" and "Queen Louise and her Sons." They are on exhibition in our west corner window and every purchaser in our Cloak Dept. is entitled to one, no matter how large or how small the purchase may be.

Do you want one?

It's with no little pride

we issue an invitation to the Ladies of Duluth and Superior to visit our Cloak Department on the above date.

We want to introduce you to the most elaborate and exquisite display of

- Ladies' Tailor-Made Suits,
- Ladies' Opera Capes,
- Ladies' Opera Newmarkets,
- Ladies' Man-Tailored Jackets,
- Ladies' Street Newmarkets.
- Ladies' Silk Petticoats and Morning Gowns,
- Ladies' Silk and Fancy Shirt Waists

ever exhibited in the Northwest. You will certainly find nothing like them in any of the stores at the Head of the Lakes.

Our Millinery Opening

takes place Wednesday, September 26th; one day later than our Suit and Cloak Opening. You are invited to be present.

American, French and English

made garments will be found here in bewildering profusion. It will be an exhibition of the choicest productions of the world's most famous man and woman tailored garments.

In the collection

will be found an assortment of Opera Capes and Newmarkets purchased by our Mr. Pantom while in Paris, with the assistance of Mr. Chas. D'Harmenon, one of the ablest commissioners of Paris.

We thoroughly realize the responsibility that devolves on this, the leading store in the city, in carrying merchandise of this high standard and character. If the trade is here for it, we are here to supply it, and best of all, we have gone to the fountain head for it, thus saving the middle man's profit and giving our patrons the benefit of our buying powers. "Enough said."

You are cordially invited

to attend this opening—criticise it to the fullest extent.

Our Window Display

will give you a fair idea of the kind of goods the Pantom & White Store carries—no need for saying more.

THE OPENING SOUVENIRS

Are now on exhibition in our large corner window, "west side."

Every Purchaser

in our Cloak Dept. no matter how large or how small the purchase may be on the day of our opening, will be presented with one of those pictures

FREE of charge.

Our Autumn Millinery and Headgear Opening!

Takes Place Wednesday, Sept. 26th.

Fashion opens her wealth and style of beauty to the Ladies of Duluth and Superior at the magnificent Millinery Parlors of Pantom & White on the above date. Nearly a thousand Trimmed Hats will be on exhibition, embracing Pattern Hats bought by Mr. Pantom while in Paris. They are the creations of the following famous modistes:

Madame Cartier, 16 Rue de la Paix,
Mon. Heitz Boyer, 28 Place Vendome,
Aucienne Maison, Paul Viot & Bertha,
26 Place Vendome.

Madame Viot, 12 Rue de la Paix,
Ester Meyer, 6 Rue Royale,
Madame Josse, 3 Boulevard des Italiens,
Madame Poyanne, 4 Rue de la Paix.

Opening Souvenirs.

We will Give Away Free of Charge in Our Millinery Parlors on Wednesday.

1000 Aluminum reproductions of famous paintings by Rosa Bonheur and Sir Edward Landseer. They are on exhibition in our west corner window. Every Purchaser in our Millinery Department is entitled to one no matter how much or how little they buy.

Do You Want One?

The collections of imported Headgear embrace only twenty patterns and cost us over eight hundred dollars to land. Come and tell us what you think of them in comparison with the Headgear we turn out from our own workrooms for half the money. A supreme effort has been made on our part to give our patrons millinery that is different from the common, every-day stuff shown by the jobbing houses in this country and sold almost entirely to small dealers here and elsewhere. The Millinery you will find here has that touch of refinement and distinctiveness which every woman of taste and refinement must appreciate and admire. Headgear from Paris, New York and Chicago stands side by side with the headgear from the hands of our own artists. The genius of shape and the beautiful harmony of colors combined with the finest workmanship that is possible to turn out will readily convince you that we employ only artists that thoroughly understand their business. We expect a visit from you Wednesday.

Opening Day--September 26th, from 9 a. m. to 6 p. m.

Our Exhibit.....

Of Headgear for young Ladies, Misses, Boys and Infants surpasses any showing ever attempted by us before.

We are Showing....

West Duluth

The council last evening elected Robert C. Stone justice of the peace of West Duluth. This office, which was abolished when the village of West Duluth was merged into the city, is re-established under the new charter and at the urgent request of many prominent citizens. In the past few years West Duluth business men have found it inconvenient to have to go clear up to the Municipal court for small civil cases, and this will save them time and money.

Mr. Stone is an old soldier and a Republican. At present he is engaged in the insurance business. He is elected to hold office till the next regular city election, which will be in February, and until his successor is elected and qualified.

At the election the voters living west of Thirty-third avenue west will vote for a justice of the peace for a term of two years. The new court will have all the power conferred by the state laws on justice courts, and compensation will be derived from fees.

Judge Stone said this morning that he would probably hold court in the hall of West Duluth, as the hall is fitted up with desks and seats and is very suitable for this purpose. At the same time, however, he was not established today, Judge Stone will be ready for business tomorrow.

TOO MUCH BOOZIE.

Two revolver shots in a saloon in the street last night scared the people living in the vicinity out of a year's growth. Visions of murdered men with buckets of gore were before their eyes. Officer Stahl, who was in the vicinity, began search for the shooter, and this covered him to be Miss Edith, a young man of West Duluth, who had been imbibing quite freely all the afternoon of the night that glimmers up, and which terminated in the shooting affray during the evening. According to the story of persons that witnessed the shooting, Edith drew a revolver on a friend that refused to drink with him, and the latter forthwith changed his mind. Not satisfied with that, Edith is said to have pointed the gun at another West Duluth, Jim Carey, but the bluff would not go, and the man behind the gun, remarking on Carey's nerve, said he believed he would shoot something, and began firing into the stove. Carey immediately tackled Edith, and took the gun away from him. It was at this juncture that the officer appeared, and the would-be shooter of blood was yanked to the West Duluth police headquarters. This morning he put up \$15 bail and was released, with the charge of disorderly conduct pending over him.

NOT A SOCIABLE KID.

The well-known West Duluthians, Tom McLaughlin and Martin Timms, had a little scene while driving to Duluth in a hack last night. The effects of which the latter is said to be pretty well battered up. Nothing was known of the affair until the chauffeur of the hack at Duluth and discovered Mr. Timms covered with blood. It is understood that he charged McLaughlin with grabbing him around the neck and hammering his fists against the driver of the hack. He claims there was no provocation.

WEST DULUTH BRIEFS.

At the request of Albert Swenson, the council last evening passed a resolution requiring the Northern Pacific road to erect and maintain an iron light at the point where the railroad crosses Raleigh street. This crossing is said to be very dangerous at night.

The Lady Macabees of Anna Stang have No. 61 held a very successful ice cream social at the Old Fellows' hall in West Duluth last night.

The ladies of the Degree of Honor at their last meeting, decided on establishing a fund to defray the expense of the funeral of donated members, and for this purpose held an evening social.

The social, followed by a dance in Gilles' hall last Friday night.

At a late hour last Saturday night some miscreants set fire to the billboards on Central avenue between Bristol and Concord streets. Had it not been for the vigilance and prompt action of Deputy Arthur Briggs the flames might soon have communicated with adjoining buildings.

While driving home last night, Larry Robinson, becoming very sleepy, tied his horse around one of his legs and took a nap. On his arrival home he woke up and found that he had lost a valuable horse. The missing article has not yet been located.

Charles Lovelace left this morning for Minneapolis, where he has accepted a position in a rolling mill. There is a vacancy in the ranks of the Dynamite club and any applications should be filed at once.

Cupid Edwards is expected to leave today for his home in the southern part of the state.

The New-Now-Wood-Shu council, Degree of Pheasant, expects to hold a very enjoyable pow-wow in the Great Eastern hall this evening. A 3-piece orchestra will render strains that are sure to tickle the shoes.

John Shea was a caller in West Duluth yesterday.

Eugene Cox expects to leave for the West soon.

P. E. Winland, of the hardware firm of Winland & Wade, was in the city from Duluth yesterday.

Mr. Edward Jensen has returned from early, Minn., where she has been to attend the funeral of her father.

Our Annual September Sale of Blankets, Comfortables, Bedding and Household Linens.

Is in full swing—and we are making every effort to have it surpass in point of value giving—and sales, any previous event of this character held by us. The prices we have named here—on every day—staple household needs are such as appeal to housekeepers who want thoroughly reliable sorts. The Wool Blankets are from the famous North Star Mills. The Comfortables are from the well known Blankenburg Mills at Philadelphia. The Linens are the “Dewey” brands from Belfast, Ireland—and the Stiller Hand loom goods from Socon, Germany, together with some high-class sets directly imported from Belgium. We believe that no such gathering of so many famous brands has ever been attempted by any other establishment in this community, and that our patrons will thoroughly appreciate this opportunity of being able to buy them at much under ordinary ruling prices, partly because of our ability to handle heavy stocks, and from our desire to do a large volume of business at smaller margins. We call your particular attention to our line of “Stiller Hand Loom” Table Linens at \$1.00 which far surpasses in value any goods offered by any house in this vicinity at from \$1.25 to \$1.50 a yard.

Millinery Opening Days Next Friday and Saturday.

Friday for Show — Saturday for Business.

You will be interested in the opening because it will correctly foretell the correct fashions of Europe and America. L'Aiglon is the rage among women who want the “smartest” hats they can get—L'Aiglon hats, L'Aiglon costumes, L'Aiglon long coats—everything in fashion is L'Aiglon—of course there'll be plenty of women who do not want the real Frenchy styles—so American artists have modified them and the American L'Aiglon will in all probability become popular—while the imported hat will be pretty to look at—and the American will be the one to buy. Who and what is this L'Aiglon? And what is it all about? L'Aiglon, the Eaglet—the new play that Sarah Bernhardt has given Paris and that Maude Adams will give us, has taken the fashion-fixers back to the days of the empire, and the Empress Josephine would be recognizable in many of the new hats. Heitz-Boyer, of Europe, made the twenty hats that Miss Adams needed for her production in this country and they cost one thousand dollars—but Heitz-Boyer have no monopoly of the styles; especially after they have been once introduced, so the copies quickly go the rounds of other Parisian shops—and then to this country—and even in this country they are sold for about half their real worth or even less—because they have served their usefulness. The French creations are imported and adapted to American women—so, it happens that hats that cost \$50 to import are sold for about \$25, and they are not worth any more than that proportion, because the French as milliners are dreadfully extravagant and wasteful. They are a part of Bohemia, the Mystic Happy Realm, whose members had rather have a hundred francs and a good time once in a while than to be weekly recipients of a comfortable wage. So we pay for all that in the French hat models—and the more models the more loss—but women are getting sensible in matters of millinery and insist upon getting hat value—the same as men—so much about the millinery, and it's secrets, and now we invite you to come here and see what our millinery talk amounts to. See what study and hard work can do toward giving you elegant millinery at economical prices—for every occasion—for matron, maiden and child. The opening days Friday and Saturday—Friday for show only—Saturday for business. Flowers, plants and etc., will help on the cheerfulness. We shall expect you.

Broadcloths and Venetians.

For tailor-made gowns. Ever since broadcloth has been known at all it has been the cloth par excellence for fine clothes.

Long ago men used it only, but since the advent of the tailor-made gown it has ranked foremost, and probably will never be eclipsed by anything newer.

If a woman with boundless means were to ask any tailor to make her the finest possible suit, he would, without doubt, choose for her the best broadcloth that he could find.

And there's a point: We have broadcloths at \$1, but if you are going to have fine tailoring done it isn't worth while to buy a broadcloth for less than \$1.50. There's never any question about the wear—they all wear—it's merely the appearance, and from \$1.50 to \$2.50 we have the finest broadcloths we have ever seen at this price.

In broadcloths and Venetians alone we have twenty-five different qualities, and if we were to count the colors they would be almost endless.

Some tailors say the ordinary woman can't tell a fine Venetian from a broadcloth after it has been spangled. Hardly true. They are for such different purposes, just as chevrot is as good for a tailor-made gown as broadcloth, but the purpose is entirely different, the one much more formal than the other.

Like broadcloth, it pays to get good Venetian for expensive tailors. So much depends on the holding of the work, and the better quality holds it ever so much better than the less expensive.

Venetians, \$1.50 to \$2.50 in colors, and \$1.50 to \$4 in black. And the \$2.50 beats any other Venetian that we can find in town in quality. We've been looking.

For sheer elegance, Venetian and broadcloth head the list.

Misses' and Children's Garments.

Great quantities of new goods have been placed in this stock during the past few days; the display is now almost ideal—certainly the best in town, for we have long been the acknowledged leaders in this line and shall continue to merit that distinction.

The following items are specially worthy of mention, though every garment in the collection is correct in style, superior in workmanship and moderate in price:

Four Special Items for Tomorrow—

Women's Jackets of excellent Kersey Cloth, in black and navy, silk Romane lined, double-breasted, pearl buttons.

Misses' Box Coats.

LAST EDITION.

TWO CENTS.

Proper Fashions for Autumn and Winter--1900 and 1901.

You are invited, gentlemen, to inspect our assortment of Autumn and Winter Suits. You cannot fully appreciate the merits of it until you have seen it.

It is complete and is made up of the best there is built in clothing for men. Our clothes have always been the equal of the best custom tailored sorts, but this season we excel them in many ways. Fancy Worsteds, Gray and Oxford Cheviots and fine Serges, as well as blues and blacks in Serges and Rough Cheviots. An elaborate selection of Fancy Scotchies in gray mixtures, green and brown, which are exclusive with us, is a feature of our assortment.

The styles are entirely new and are all cut after the latest fashions. On account of the variety of shapes the most particular attention can be as properly fitted and as perfectly satisfied here as by clothes made for the by first rate custom tailors.

Men's Suits--

\$10, \$12, \$15, \$18, \$20, \$22, \$25, \$30

We can fit short men, stout men, tall men and thin men as easily as the perfectly proportioned men.

THE COAL STRIKE

Expected Trouble Did Not Materialize and Matters at a Standstill.

SHOOTING AT SIBLEY

A Row Among Miners Results In Three Men Being Wounded.

Philadelphia, Sept. 26.—Affairs in the strike region are very quiet today. The soldiers are still encamped on the hills, near Shandy, but they have nothing to do and the men are becoming impatient to get back to their homes. Sheriff Harvey's effort to get a couple of regiments of militiamen into Luzerne county, on the plea that the marchers are getting beyond his control, has thus far been denied by Governor Stone, who has fully realized the civil effect of any outbreak that would necessitate the sending of soldiers to the Hazleton region.

Both sides claim gains today, but reliable reports received here indicate that the situation is still a standstill, with the battle of endurance progressing steadily. Mark's men at Hazleton are idling away the day in a series of strikes on the question of accepting or rejecting the offer of changes in working conditions made yesterday by the firm. The strike leaders say they are confident all of the Hazleton miners will be closed tomorrow. A special train was prepared and the station agent remained in touch with the general the greater part of the night.

Gen. Gobin said this morning that he had a portion of the infantry and Battery C in readiness to move at a moment's notice. "I remained up nearly all night, but received no information, though all quiet in the present coal situation regarding the demand for fuel for domestic purposes."

SHERIFF WAS HASTY.

Luzerne County Apparently Does Not Need Any Troops.

Hazleton, Pa., Sept. 26.—The request of Sheriff Harvey that troops be sent to Luzerne county yesterday is still under consideration, but it is almost certain that none will be sent from the state. There is further developments requiring their services. The entire Hazleton district is reported quiet this morning.

No additional casualties were reported in the Lehigh valley today. The Lehigh Valley Coal company officials said they were in better shape than on any other day since the strike began. Three strikers were arrested in the vicinity of the company's No. 40 shaft in this city for unlawful possession of arms. They were walking on the railroad track within the company's property.

BLOODED SHOT AT SIBLEY.

Italian Miners Fight and Three of Them Wounded.

Seranton, Pa., Sept. 26.—The first bloodshed which may be laid to the strike of the miners in the Lackawanna region is reported this morning from Sibley, a mining settlement at the foot of the mountains in Luzerne county. Three men were wounded in the row, in which about twenty miners were involved. The participants were all Italians and mostly men who, before the strike began, were working in the No. 3 mine, near Pennington as non-unionists, but who became members of the United Mine Workers after the strike began. It was reported that the men were working in the No. 3 mine, near Pennington as non-unionists, but who became members of the United Mine Workers after the strike began.

ONE MORE RUNNING.

Philadelphia, Sept. 26.—According to the Philadelphia and Reading Coal company fourteen of the thirty collieries owned by that company were in operation today. This was one more than yesterday, but does not indicate that the company is making any material change.

DYING MAN'S CHARGE.

Alleged Accusation by the Traders' Insurance Company's Cashier.

New York, Sept. 26.—The Evening World today prints a statement credited to the widow of David Allison, the cashier of the Traders' Insurance company, who died Sunday. Mrs. Allison is quoted as saying that her husband whispered to her as he was dying the name of the man who knew of the condition of the Traders' Insurance company, and was responsible for the framing of alleged false reports of the company's financial standing.

STORM DOES DAMAGE.

Heavy Rain Hurts Crops In Upper Mississippi Valley.

La Crosse, Wis., Sept. 26.—Last night and yesterday afternoon a heavy rain and thunder storm broke over the entire Upper Mississippi river valley, and in several places, deluged the entire country to a greater or less extent, and made roads almost impassable. The damage to the crops which are still outside will be quite extensive. A similar storm in April this year longer continued, and Minnesota division of the Milwaukee road, which extended far into South Dakota, was completely destroyed by the rain. The damage to the crops which are still outside will be quite extensive.

OFFERS TO ARBITRATE.

Answer of Marble & Co. to Their Employees.

Hazleton, Sept. 26.—Marble & Co.'s answer to their employees' bill of grievances, after stating that the arbitration agreement with their employees, says: "At this time when answers to your grievances are being given, we are sorry to hear that some of our men are absent from work. Of course, some of our men are being restrained from working through fear, while others, we know, have connected themselves with labor organizations. Under the circumstances, we believe, in perfect faith, announce that we do not feel that men who regard their pleas as sacred should be dishonored through breach of faith by others. Our answers to your grievances are given with the understanding that those who are working today have the right to act upon them and with the further understanding that their action shall be binding upon us. Those identified with labor organizations, having by that affiliation disqualified themselves from acting under our arbitration agreement are not entitled to vote."

BOILER MEN STRIKE.

Norwich, Conn., Sept. 26.—Two hundred men employed by the Page Boiler company went on strike today, when informed that a voluntary increase of 10 per cent in wages, which was granted in April this year, no longer could be paid. Owing to the lack of orders, the works were closed five weeks ago and operations were suspended. It is claimed by the company that even with the ten per cent decrease their men would receive the regular labor union scale and that the strikers, therefore, will not be upheld by the national union.

HOWARD IS GUILTY

James Howard Convicted of Being a Principal in Goebel's Murder.

Frankfort, Ky., Sept. 26.—James Howard has been found guilty of being a principal in the assassination of Governor Goebel. The verdict was returned shortly before 10 o'clock this morning and outside the death sentences.

One of the jurors, after the jury had been discharged, stated to the Associated Press that a number of ballots were taken, but the first ballot resulted in an unanimous vote in favor of a verdict of guilty. The jury which tried the case was taken to the degree of punishment, and on the following ten men voted for the death penalty, while two voted for life imprisonment. This was while the jurors were in the jury room yesterday afternoon.

CONQUEST BY STRIKERS.

Get Men Out at the Tower City Colliery.

Harrisburg, Sept. 26.—Seventy-five miners went on strike today at the Tower City colliery, controlled by the Philadelphia and Reading Coal and Iron company. There are 1200 men employed at the colliery and this is the first break in the peaceable march of the Mine Workers union is being organized at Tower City and the strike leaders claim that many of the men will go out tomorrow.

TROOPS IN READINESS.

Prepare For Call From Hazleton But None Comes.

Shenandoah, Pa., Sept. 26.—The expected order for troops to go to the Hazleton district had not been received by Gen. Gobin up to 8:30 this morning. After receiving the information that Sheriff Harvey of Luzerne county had requested the troops to send them, Gen. Gobin immediately made arrangements for transferring a portion of his command to the district. A special train was prepared and the station agent remained in touch with the general the greater part of the night.

WERE STARVED.

Many Indians of the Saulteaux of Canada Starved to Death.

St. Paul, Sept. 26.—A Winnipeg, Man., special to the Dispatch says: G. F. Stevens, a Methodist missionary at Oxford House, a former agent Oxford House, Sept. 10, has made the following horrible announcement: "The winter and early spring of this year, between twenty and thirty Indians of the Saulteaux tribe, residing at or near Lake Umbagog, died of starvation and disease. The Indians were so starved that they were not able to stand and they died during the long winters."

GEN. WOODFORD WEDS.

Former Minister to Spain Marries Miss Isabel Hanson.

New York, Sept. 26.—Gen. Stewart L. Woodford, former minister to Spain, was married to Miss Isabel Hanson, today at the residence of the general. The wedding ceremony took place in the chapel of the First Presbyterian church, at 140 West 42nd street, New York. About sixty persons, including the general and his wife, were present. The bride was given away by her father, Mr. J. B. Hanson, of New York. The ceremony was performed by Rev. Dr. J. B. Hanson, of New York. The bride was given away by her father, Mr. J. B. FIGHTING IS REPORTED.

British Probably Trying to Intercept Steyn and Reitz.

London, Sept. 26.—The Daily Mail has the following dispatch from Lourenco Marques: "Heavy fighting is reported across the Sabier river. This means that the British are intercepting Steyn and Reitz, who, with their forces, are attempting to push northward and effect a junction. The commando is said to be surrounded near Petersburg."

WILLIAMSVILLE FIRE.

Springfield, Ill., Sept. 26.—At midnight last night, fire destroyed the Chicago & Alton depot and freight cars owned by W. H. Council, at Williamsville, Ill. Loss estimated at \$12,000, about one-half covered by insurance. Fire started in the depot and burned fiercely for one hour. Several houses were threatened, but not seriously damaged. No one was injured except slight burns and bruises in fighting the fire.

REASON FOR IT.

Pennsylvania Man Comments on the Strike of the Coal Miners.

Charles Richards, a business man who resides in the Shamokin valley, Penn., has been visiting relatives in this city a few days, and left for his home today. Mr. Richards has a great deal of sympathy for the striking miners, because of the conditions under which they have to work, and said:

"Although I live in the mining region, and it would seem ought to know all about matters pertaining to the strike, the truth is that it is very difficult to get at the exact truth. I firmly believe that the greater part of the miners now out have cause for grievance, and it is to be noted that this class of workmen is today treated with less justice than any other class. I don't know why this is, unless it is harder to throw the light of day on them and the conditions under which they have to work. The laws of Pennsylvania are no doubt very good, but they cannot enforce themselves, and there seems to be no enforcement of the laws for the protection of the miners. For instance, there is no machine that is carried on that is nothing short of highway robbery, that is the practice of compelling employees to purchase their supplies at the company's store at higher prices than they could get the same thing for elsewhere. One should not himself in the coal miner's place and see things from his standpoint before passing judgment on the mine. The coal miner works underground all his life under conditions that materially shorten his life by many years of fact, it is very short and uncertain. He has very little opportunity to enjoy the blessings of life that fall to the lot of other classes of workmen. He should, therefore, be paid well for his work. He should have fair wages, and his family a chance to be educated, though he himself cannot enjoy all these things."

"The talk that these labor troubles were started for political reasons is all hush. No person could be so devilish as to throw thousands of men out of employment and threaten as many homes with poverty and starvation. The American capitalists may be heartily hearted in some cases, but none of them could do this thing, it would be a crime. I do not believe in violence and I do not think the strikers are justified in attacking non-union men who come to work in their place. Nobody is justified in doing a murderous thing to accomplish his ends, and men who resort to such means are sure to lose the sympathy of the public."

"I understand that there is to be a big sympathy meeting held in the Armory tonight and would like very much to attend it. The people of this city would do nothing better than at least to show their sympathy for the men that are now out in the coal fields."

TAKES EFFECT OCT. 15.

Date When Northern Pacific-Milwaukee Alliance Begins.

The alliance between the Northern Pacific and Milwaukee roads relative to Duluth business will become operative, it is understood, on Oct. 15. The agreement has been approved by the board of directors of the Northern Pacific, but the Milwaukee directors will not meet for a few days. They are then expected to sanction the understanding. On taking effect the alliance will mean that freight business as far as known freight trains will be operated on and after that date the Duluth business of the Milwaukee business is reserved, although it may be made effective any time the directors of the Milwaukee so will, that provision, it is said, having been made in the contract.

Property Is Transferred.

Deeds covering the property on which the new Marshall-Wells wholesale house is being built were filed yesterday afternoon in the office of the register of deeds. One deed runs from Louis A. Hoffman, of New York, to A. M. Marshall, of Duluth, and for a consideration of \$2000 it transfers lots 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

Are Not Plenty.

"Some of the lumbermen in Wisconsin seem to have a notion that wood is plenty in this neck of the woods," remarked an employment agent yesterday. "I received today an order from a company doing business in Central Wisconsin, asking for several hundred men right away, at wages all the way from \$3 to \$2.50. I will ask those men if I write back and tell them that they can't talk of men short of work, and that men are plenty scarce at that figure at present."

May Be Weak Minded.

Edward Wright, the young man from Duluth Heights who tried to promote matrimony by attempting to kill one of the girls he wanted to marry, was arraigned in police court this afternoon. There seems to be considerable doubt in the minds of the authorities as to his sanity. His face is very weak, and he has shifty, bad looking eyes. He was accompanied by his mother and father, who are very respectable people and directly broken up over their son's conduct yesterday. He was charged with assault in the second degree, and the examination was set for Friday afternoon.

SILK PETTICOATS.

"We couldn't begin to do justice to this splendid showing with printer's ink—because color and beautiful workmanship cannot be brought out and described as it should—but we want you to see them—not alone from a buying standpoint, but from one of admiration for the beautiful. We feel confident in saying that no such an assortment is shown anywhere—ourselves at the very largest stores. We've probably thirty styles in all—including all the new colorings and black—and we've put prices on them that will appeal to women who want elegant goods as being very low."

For instance, we have several beautiful styles at 85c, in black and colors.

At \$8.50, \$10.00, \$12.50 and up to \$27.50 we show novelties that will not be found anywhere else in this community.

NEW GOLF CAPES FOR LADIES.

Twelve new styles and only enough of each to keep them from getting common—and then enough to have every school girl own one—for their usefulness is well known. One particularly good style is here at \$4.25, that should have been marked \$6—but we wanted to get something new and good at a real good price. Brown and Red—plaid backs.

Price \$4.25 in the best quality Golf Cloths, with Fringe and Straps and Gilt Buttons, \$4.75.

And better ones up to \$10.00.

The Millinery Opening Friday Next.

The New Costumes Automobiles, Jackets and Wraps

Several high-class garments are here that we are particularly anxious to have you see—because we believe them to be the most beautiful—for: practically

ever graced any shop we do not even except in St. Paul and Minneapolis, we are pleased to keep pace from the Twin Cities. We want you to see store has made this costume and wrap of prices—of course, greater in the popular at \$10, \$12.50, \$15, \$30 and so on—because greater quantities, but here, as in the higher priced goods, the styles shown by us are exclusively our own, and will not be found elsewhere in this city—and is fully in keeping with our past reputation for beautiful effects and fine workmanship. Even in the lower priced Jackets—at \$8.50 and \$6.75—we offer values that have no difficulty in demonstrating, are unquestionably superior to any shown hereabouts—and we also take particular pains in having the styles quite as correct as in the higher priced goods.

Several high class garments are shown in our window that will appeal to lovers of the beautiful—and that are correct copies of European novelties that have cost several times our quoted price to import—notably of which are:

Handsome Tan Newmarket which is a work of art in itself, and must be seen to be appreciated (east side of our cloak window) collars, cuffs, reverses, of genuine black marten, beautifully trimmed with scrolls of cloth and chenille at bottom, lined with rich tan satin, the import price of the original was \$250, our price \$75.00.

On the west side of window there is an Automobile of pearl gray heavy weight Broadcloth, Kersey, with scrolls of Panne Velvet, lined with steel gray rich satin, nothing handsomer has been shown in many seasons and is very practical for outdoor wear, \$55.00. The original cost to import \$175.

IN IRON AND STEEL

Prices in Iron Far From Satisfactory to the Average Producer.

ARE VERY CAUTIOUS

Buyers Make Fewest Possible Commitments--Bessemer Steel Weak and Dull.

Cleveland, Sept. 27.—The Iron Trade Review says: With a larger operation of mills than at any time in months, the iron trade gives out signs of prosperity, but prices are far from satisfactory to the average producer. Consumption is on a scale which by comparison with any year since 1898 appears phenomenal, but competition is active and buyers are making the fewest possible commitments. The uncertainties of the future are all loaded on the primary producer and caution dominates the situation. Trade conditions prices cannot advance, and none in the trade anticipates any departure from the present policy until the election uncertainty is settled.

The noteworthy events of the past week are the agreement on the bar iron scale and the meeting of steel mill manufacturers. Both have been of distinct benefit to the trade.

The adjustment of the puddling and finishing scales, after twelve weeks' difference of all the leading iron mills, will put additional thousands of men at work and means the steady operation of the most equipped bar mills for the remainder of the year. The men have conceded at length the reasonableness of the manufacturers' contention that a sliding scale should slide down to the market level, and are assured wages as good as those of last year if prices advance to last year's level.

It appears that the pressure upon bar iron mills is not what might be expected after so long a shutdown, and the effect of the low prices for steel bars made in the heavy sales of July and August has been the loss to the iron mills, for this year at least, of a very considerable tonnage.

The steel rail manufacturers, in fixing a \$22 price, as against \$28 last year, took a middle course, which, in spite of dissent from a few railroad officials who have spoken, will insure to the mills a large tonnage and yield a profit compensating in a measure for the severely competitive prices on some other products. There are assurances of large buying for next year, but the placing of the business is not looked for until after election.

In the pig iron market the 50 cent reduction of river iron has been a relief to the Ohio river is an event of some moment. An additional concession of 15 cents from railroads north of the Ohio is expected, but even 65 cents will not put some Southern furnaces on a parity with their Northern competitors, unless the former reduce from the steel they have taken recently, the difference here being about \$1.

There has been some fair buying of foundry iron from the west, both in Chicago and Pittsburgh, and the steadiness of stocks in consumers' hands is more and more demonstrated. Bessemer pig iron has touched a new low point at \$13.25. Pittsburgh, equivalent to \$12.50 at valley furnaces. Merchant furnaces are likely to remain out of blast for weeks, or until there is a distinct improvement.

Bessemer steel is also weak, with very little business doing, apart from that between related companies. Plates, after an interval of slight improvement, are again weaker. Bars are firmer, and the steel mills just started up have heavy specifications, particularly in steel, that will occupy them for weeks.

Foreign iron markets tend to weakness. The indications in England point to a recession after a short period of higher prices, and more is heard there of the competition of American steel.

CHANCE FOR CONVICTS. Judge, Ill., Sept. 27.—The ruling of Judge Halsey in the case of Joseph Wyman, a Cook county life convict on a technicality, may have a sensational effect. Charles Murphy, of the state penitentiary, declared last night that if the ruling is sustained over 500 convicts would be freed.

The judge held that the Wyman mitimus was void, because it did not specifically state the crime for which he was convicted.

WISHING

It may be true of virtue that "But to wish more virtue to go to," but it is not true that wishing for health brings us a step nearer the realization of our wish. Health must be sought and striven for. There are more than half a million people who have found health, each in the same way, and by the same means. That way and means are open to you. If you are suffering with obstinate, lingering cough, bleeding of the lungs, bronchitis, emaciation, weakness, a condition which if neglected or unskillfully treated, leads to consumption, begin at once the use of Dr. Pierce's Golden Medical Discovery. It never fails to help. It perfectly heals ninety-eight out of every hundred who give it a fair and faithful trial.

Sick persons are invited to consult Dr. Pierce by letter absolutely free of fee or charge. Every letter is held as strictly private and sacredly confidential, and all answers are sent in plain envelopes, bearing no printing upon them. The experience of Dr. Pierce often enables him to suggest auxiliary treatment specially adapted to the individual case. Address Dr. R. V. Pierce, Buffalo, N. Y.

About one year ago I began to be troubled with a dry hacking cough, but it was not until I had tried Dr. Pierce's Golden Medical Discovery that I found relief. I had tried many other remedies, but they all failed. I had tried Dr. Pierce's Golden Medical Discovery, but it was not until I had tried Dr. Pierce's Golden Medical Discovery that I found relief. I had tried many other remedies, but they all failed. I had tried Dr. Pierce's Golden Medical Discovery, but it was not until I had tried Dr. Pierce's Golden Medical Discovery that I found relief.

Dr. Pierce's Pleasant Pellets do not become a necessity to the system they have relieved of accumulations and obstructions.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the kidneys are not cured too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how to get it. Write to J. C. Smith, Swamp-Root Co., P. O. OUTLOOK IS GLOOMY

Situation in China More Menacing to China's Autonomy Than Ever.

BOXERS HOLD POWER

And This Favors Designs of Nations That Are After Territory.

New York, Sept. 27.—A dispatch to the Herald from Shanghai says: The situation in China is now more serious than ever before for those who are interested in preserving the integrity of the empire. The Chinese government is in the power of Boxer leaders, who are not likely to submit to any express disadvantageous propositions unfavorable to them. The friendly viceroys of the South are still loyal to the empire, and any foreign aggression in Southern China will precipitate an armed uprising. Already the governor of Szechwan province has addressed a memorial to the emperor, denouncing the Boxers and their actions, declaring that his signature to the viceroys' agreement with the foreign consuls in Shanghai was forged.

There is danger that the friendly viceroys will be replaced. Sheng, the friendly viceroy of Shantung, has been ordered North, and that practically means his death.

Russia is building all the forts and strategic points from Tientsin to Peking, Russia's possession of the railway shows, by the permanent arrangement which the officers are making, that she intends to swallow the North of China. No one here believes that Russia will ever move out except under overwhelming pressure from other powers.

Germany's assurance that she does not desire territory in China is misleading. Her demand for the punishment of the leaders of the Boxers is a condition precedent to peace negotiations means continued war and perhaps the complete disruption of the empire.

STATISTICS OF CENSUS.

Interesting Fact Concerning Increase of the Largest Cities.

Washington, Sept. 27.—Statistics have been compiled at the census bureau, based on the population of large cities which have been announced up to the present time, which demonstrate that the 155 largest cities in the United States, numerically increased in population from 1880 to 1890 almost exactly as they did between 1890 and 1900. These cities increased their population 4,706,107 from 1880 to 1890, and 4,623,352 from 1890 to 1900, or just 82,755 less during the latter than in the former period. Of course, when the aggregate percentages of increase of the population of these 155 cities during these two periods are compared, they show that the percentage increase was considerably lower in the last ten years, because the increase is compared with a larger population. The fact that numerically the increase of the population of these cities has come out just about the same during the last two censuses is interesting from the fact that the rates of increase of the various cities have varied.

The only method for dealing with the situation not involving the division of Chinese territory is through the friendly viceroys gradually removing the throne from the power of the Boxers' leaders. Americans on the spot believe that the settlement of the Boxer question will decide the fate of the enormous and increasing Chinese and American trade.

This matter is of immense importance to the United States in times of danger, and is frequent, for now the utilizing of the National Guard involves considerable expense and apparently considerable trouble. In case of war the troops must be re-examined and retrained, and the necessary during the Spanish-American war.

Opening Autumn Millinery!

Today's success fully establishes our Millinery supremacy for another season—and well deserved it certainly was. To visit our Millinery parlors is to enjoy a scene of Millinery splendor which unquestionably outrivals all competition and markedly surpasses our own triumphs of former seasons.

Half a hundred Pattern Hats—most of them the creations of the deft fingers and artistic tastes of the foremost style-makers of Paris. About a dozen new patterns came but yesterday, having but left Bonnie France but a few days ago on the S. S. La Lorraine. Among these foreigners you'll see the handsome styles of the first empire—and the "l'Aiglon" which Bernhardt made famous, and which Maude Adams will wear in her new play. These patterns we will sell at a loss on the import price—but we're willing to stand it for we get our money's worth in the ideas we find in them.

To most people, though, the products of our own artistic workroom will prove most attractive. In our own creations, foreign effects have been Americanized to suit American tastes. They suit most purposes best, too. Our own Millinery is different from all others. It has an exclusiveness that is most desirable—there is nothing commonplace about it. In our workrooms we have the best millinery talent that money can secure. For that reason—no matter how low the price—our Millinery possesses a style which marks the wearer as a well dressed woman. The magnificent assortment of low priced Millinery shown here will prove a revelation to those accustomed to buying elsewhere. This season we shall make a specialty of beautiful Bonnets at from \$5.00 to \$12.00 in addition to the highest class work for which we are so justly famous.

Opening Paris Gowns

We are showing a number of swell Suits, imported as

models by one of America's best costumers. They are not cheap, but they are the most elegant suits you will see this season. Prices range \$75 to \$145. We invite you to see them. 'Twill be well worth your while

Opening Display Suits and Coats

Exclusive styles—moderately priced—here as nowhere else.

Fashion is very considerate this year; she allows you to choose a style that best suits you. There is no one length, nor any particular effect which must be adhered to. Usually fashion says the garment must be "just so long" and be "cut this way" and "made that way." Then everybody has to buy that sort of a garment or be out of the world. But this year it's different.

Let's have a little talk about the Styles.

Short people can find a style to make them look tall—long people can find a style to make them look small—while thin people and fleshy people may also appear to gain or lose as they wish.

But that isn't so everywhere, for because our stock affords such opportunities you must not think you could do that elsewhere. You can't. It's only in a stock like ours—stock which embraces all the very newest and best—that these things can be done with good effect.

Nothing would please us better than to show you what we could do for you. If you have already looked around—so much the better—you'll then best appreciate our stock.

Probably more than half the Coats sold this season will be extremely short. Most of them will be double breasted, and while storm collars will prevail here, the coat and shawl collars are also in high favor down east. There's a new effect, too, called the Dutch Collar that is very pleasing. We show all styles. Fur collars and fur trimming are in favor also.

In long Coats we show the latest models in the "Automobile" and "l'Aiglon" coats. They are half tight fitting and are a decided improvement on the ungainly effects previously shown. We show these in garments ranging from 24 to 44 inches in length.

A FEW WORDS ABOUT SUITS.

There never was a time when we showed such splendid Suits as we show now. Black is the color of the season, so we show about one hundred New Black Suits. There is quite a variety of Suit styles, too, for there is a wide range of styles from the Russian Blouse to the trim tight-fitting single breasted suits. Cheviots, Camels' Hair and Pebble Cheviots are the most wanted weaves, and we'll leave it to you whether these are or are not the most stunning suits you ever saw. When you are looking at the suits—don't be afraid to ask the prices—they are much less than you'd expect—much less than such work has ever before been sold for. That's quite as important as style to most people.

It is a mighty good time to buy now.....

You can select from all of the season's choicest and have the benefit of early season wear. Then, too, later on goods will cost us more—so prices won't be lower—and to cap it all we have made our opening prices about twenty per cent less than usual.

We earnestly ask you to favor us with a visit—look carefully and critically—we'll thank you to tell us if you can find any faults. The fact is: THAT WE KNOW—that judged by all other garment stocks in the Northwest, our stock is without a parallel and must so impress visitors. So come in and see—for if you don't buy you'll at least be a walking advertisement for us. You'll be sure to tell your friends of our imposing display.

CHESTER'S SHORTAGE

Books Found and Examination Shows That It May Reach \$7000.

HE BEGAN VERY EARLY

Plunder Started Soon After He Went Into Office—Some of the Instances.

The shortage in the accounts of the late George F. Chester, former clerk of district court, is more serious than was expected at first. Some of the missing books and papers, for which search has been in progress, have been found, and they leave no doubt whatever that there is a large deficiency in the trust funds that were in Mr. Chester's custody. Before they were found there was a bare possibility, as The Herald stated, that they would account satisfactorily for the missing funds. Instead of doing that they show beyond any doubt that there is a shortage of \$6000 to \$7000, and the chances are that the missing sum will be nearer the latter figure than the former.

The missing papers were found at Mr. Chester's former residence after a second and more thorough search. They include his bank book, the missing check books, and nearly all of the cancelled checks. In all the sums deposited with Mr. Chester amounted to \$34,000, or thereabouts, and there is left a balance of \$1000 in the Commercial bank. It is known, however, that nearly half of this sum has been paid out to parties who were entitled to it, and the cancelled checks show some of these payments.

The majority of the checks, however, were made out by Mr. Chester, payable to himself as clerk of the district court. They were endorsed by him and he received the money upon them, and there can be little doubt that in such cases he used the money for his own purposes, for in every case where it is known that the money was paid to the rightful owner, the checks were made payable to those parties, and not to Mr. Chester. This manner of handling the funds, in his case seems to have continued during most of his time in office, beginning very shortly after he took his position, and continuing until quite recently. It is known that he received \$1700 which he did not deposit at all, but used immediately. Of this \$1700 is the cash balance in the case of Dell and Henry Pool. This money was turned over to him as soon as it was deposited, and his accounts do not show that he ever placed it in the bank.

In the fund of fee credits, where money was deposited by attorneys to cover the filing of notices, and the charges of the office, there used to be \$600. That was deposited in the first National bank, where the running account of the office, of current receipts, was carried. Some time ago Mr. Chester stated that he wished this money removed from the First National bank to the Commercial bank, where he had his other deposits, and he asked one of the clerks to make out a check for all but \$100 of it. A check was therefore made payable to him for \$500. His books show that on that day he deposited only \$65 in the Commercial bank. The inference is that he took the balance of \$500.

In another instance \$250 cash bond money was left with him. His books show that on that day he deposited \$50. The balance is supposed to have gone the way of the other missing funds.

Not all of the checks have been found, and the amount of the shortage cannot be definitely ascertained as yet, but it will not fall below \$5000 and, as stated above, it may reach \$7000. The checks that Mr. Chester made payable to himself are nearly all of old amounts, like \$92.29, \$56.37, etc., and one of them, in the first one issued, was for \$224.29, and on its face it purports to be for "drafts, etc."

The Bryan Special.

Arrangements have been made by the local committee whereby any who so desire may go to St. Paul next Monday on the Bryan special by paying the regular fare of \$1.30. The train will leave Duluth about 10:28, and make stops at West Duluth, Carlton, Hinckley, Pine City, Stillwater and other points, arriving in St. Paul about 7 p. m. All who wish to go down with this train are requested to leave their names at once with the Northern Pacific ticket agent in the Providence building, so that the committee may know how many coaches should be provided.

Endured Death's Agonies.

Only a roaring fire enabled J. M. Garretson, of San Antonio, Tex., to be down when attacked with asthma, from which he suffered for years. He writes his misery was often so great that it seemed he endured the agonies of death, but Dr. King's New Dispensation cured him. This marvelous medicine is the only known cure for asthma as well as consumption, coughs and colds, and all throat, chest and lung troubles. Price 50c and \$1.00. Guaranteed. Trial bottles free at W. A. Abbott's drug store.

DAY and SATURDAY

B. Knowlton,
2 West Superior Street

3 West Superior Street.

But we expect to be too busy Saturday to give show day attention—so come tomorrow and see what Millinery beauty has been prepared for you. L'Higlon is the keynote of the season, and taken with the craze for fine and rich soft fabrics, like beaver and velvet, it offers great possibilities to milliners. By the way, L'Higlon is likely to be horribly travestied, so be careful that you get the correct, and that you go where you can get it, here. Gold is being used a great deal this year. If you are going to use it at all, use it before its use is made ridiculous by those who don't understand the peculiar rich quality that lies beneath its brilliant surface. Pastel colors too will be used—though not as a craze; they are too delicate and fine, and beautiful to pass out from among dress making and millinery resources. The many imported Hats shown are from such houses as **Heitz-Boyer, Caroline Reboux**—Paul Virot et Bertha—Esther Mayer and Suzanne Blum—these will be side by side with our best American creations. Quite safe to say that your choice will be from among the American Hats, because they are just as handsome as the imported models, and much fairer in price. Any of the Pattern Hats will be for sale, or if you want any changes on them to suit your own ideas, we shall be delighted to please you. You can place any order with us and have your hat delivered to you by Saturday night. We shall be prepared to take orders Saturday for Saturday night delivery; all this to please you. But give us all the time you possibly can.

French Neckwear—The richest and rarest we have ever shown will be honored by being shown on Millinery Opening Days. You can get your ideas for nothing or buy the French Neckwear if you like, and some beautiful Fishues will also be shown, ranging in price from \$1.25 up. The imported French ones are \$6.75, \$8.50, \$10, \$12, \$16.50. The millinery occasion will be helped along by a display of high class tailor made costumes. **Automobiles, Jackets and Wraps**—some of the exclusive and smartest being the L'Higlon and the Paddock.

We shall also have on display the newest novelties and **high class Furs, Flannel Waists, Silk Petticoats and high class Silk Waists.**

Wheat Started Out Easier,

THE CABLES STEADY

Argentine Shipments Were
Light and the Northwest
Receipts Smaller.

Duluth Board of Trade, Sept. 28.—The wheat market started weak and lower this morning and after a slight rally sold down today. The news was rather bullish, the cables reporting what at Liverpool steady, the Northwest receipts showing a falling off and the Argentine shipments being light, only 20,000 bush compared with 30,000 bush last week. The weather in the spring wheat country is dry and the lower cables report that the Argentine wheat crop is being harvested. DEPUTY SHERIFF KILLED.
Louisiana Mob Shoots Officer Defending a Negro Prisoner.

Houston, Tex., Sept. 28.—A special from Lake Charles, La., says: Paul Sloan, a deputy sheriff, was shot and killed while defending a negro from the vengeance of a mob.

All day there were rumors of the probable lynching of a negro. Sloan, a negro, had been charged with assaulting a white man, and Sloan was shot and killed while defending a negro from the vengeance of a mob.

Two hours later a fresh outbreak occurred by the mob, who advanced toward the jail with an iron battering ram. Dr. S. A. Harmon and Paul Sloan, deputy sheriff, turned them to come to further and then shot over the heads of the crowd, when some one in the mob fired at the deputies. Paul Sloan was shot and fatally wounded. He died early today. The sheriff and deputies then dispersed the crowd at the point of their pistols.

Save money on your Advertising

If you can, but save it in the right way. Cut off all little leaks—like programs, the directories, the souvenirs etc. Cut them all off and your trade will never feel the difference. Cut off all the inconsequential papers if you have to, but always keep your ad. in the best papers—big enough to do you justice. An advertisement won't work miracles. It won't sell "duck" suits in winter, but a reasonable ad. in The Evening Herald will always sell goods.

West Duluth

The judge raised by some downtown lawyer that the justice court in West Duluth was established inconstititionally is not worrying the people of West Duluth to any extent. They have the court, and are intending to do business in the same despite the opinion that has been expressed by some lawyer. It was said that there might not be any question of unconstitutionality if the court had jurisdiction over the whole city and not over just West Duluth. Judge Stone, the newly appointed justice, who has looked into the matter carefully, declares that the court has jurisdiction over the entire city and county, for that matter, just the same as any other justice court in the county. He says that the chapter provides that some West Duluth shall be elected as justice, and then goes further to state that this justice shall have all the privileges and powers of any other justice court in the county. In other words, cases may be brought to Judge Stone's court from any part of Duluth or the county, and a warrant issued from the court will hold as good as that issued from any other justice court in the county. At this point Judge Stone takes a very important case, and goes far toward clearing away with any constitutional question that may be claimed for the establishment of the court. It is not a startling case, the justice does not draw money from the city treasury, the office is a private office, and the taxpayers of the city are not called upon to support the same. This being the case, it is perfectly proper in the eyes of the law to have a man from a certain part of the city for an office that may have jurisdiction over the whole city. If the justice has paid a salary by the city, the public would, of course, be very different, said one very prominent citizen yesterday.

It has been hinted the charter commission struck the justice court clause in the new charter, hurriedly for the purpose of securing the vote of the West Duluthians on the charter. For the commission, this district needed a court, and the people were denouncing it. It is proven that a line on the vote here, without fully intending that the clause would have any value, there will be an inauguration arranged in this end of the city that the commission will hear from. When the legislature passed the enabling act it did so for the purpose of giving each city an opportunity of getting out a charter that would obtain the best results in every branch of the city government. The justice court provided for West Duluth was needed, was provided for, and is established as legally as any other justice court in the county.

FOUNDRY SHUT DOWN.

MEAT COOKED BY GOLD.

Any one who has ever picked up with a bare hand a piece of intensely cold iron knows that the touch almost burns as badly as if the metal were red hot. Indeed, the action of great heat and cold is so similar that a Hungarian has turned the latter to account to prepare meat for food, says London Times. He subjects the meat to 60 degrees of frost and then seals it up in tight tin cans. The result is that the meat, which is practically cooked by cold, will keep any time, and can be eaten with very little preparation.

DELAY OF SALISBURY

Speculations Anent His Tardiness in Sending an Answer to Berlin.

TO HELP HIS PARTY

Suspected That the Premier Has an Eye on the Election.

New York, Sept. 28.—A dispatch to the Tribune from London says: Lord Salisbury's reply to the German propositions are still awaited with anxiety in Berlin, and intense interest in other capitals, and, meanwhile, the English press is anxious in the dark for the real policy of the British foreign office. His delay in sending an answer to Berlin is not adequately explained by lack of information from Berlin, when his facilities for communication have been as good as those of the other powers. He is probably waiting about for some effective method of dealing the blow of a refusal and preparing the way for an amendment of the German proposals.

The general principle that China must be punished can be accepted easily enough, even if the ways and means are passed by Germany are rejected. The opinion which has prevailed in Fleet street—that the British foreign office will strongly support the proposition that negotiations cannot be entered into until the leaders of the anti-Chinese movement are surrendered for judgment—has been held in diplomatic circles here. Lord Salisbury is not believed to favor so drastic a proposal. What the best informed men are expecting is his refusal to assent to this method of procedure, but they are also confident that the divergence of views will be maintained as long as possible.

If forecasts are correct, Lord Salisbury's reply will surprise English observers who expected nothing but a refusal to shoulder the burden of the Chinese complications. He is expected to be reluctant to have the text of his reply published on the eve of the election. His silence, however, does not exempt him from criticism. The Westminster Gazette is already condemning his inaction with reference to China. "The British government," it is said, "is not wholly separated from domestic politics, even in England, and it is not for nothing that the Unionists are not wholly satisfied with the prospects of the election. The cabinet is doing its best to work arduously on the Unionist side, but the radicals in the opposition list of candidates, and while there is a general acceptance of the principle of punishment, there is much effective criticism of the military, financial and lack of political insight on the part of the present government. The cabinet will probably get heavily rebuked, but the deplorable Liberal party has continued to pull itself together and make a vicious fight. For this reason, it is doubtful whether the Liberal party will be able to keep its China policy in the background as long as possible."

CANNOT RETURN

Justice Harlan's Family and Other Americans Quarantined at Canadian Resort.

Quebec, Sept. 28.—Many members of the large American colony at Murray Bay, the fashionable watering place of the St. Lawrence, are at present quarantined here, and are unable to leave the place. The disease first declared itself in the household of Justice Harlan, of the United States supreme court. Miss Harlan having been the first victim. The family had made a change of habitation, and the disease, however, followed them. The family, however, are now quarantined here, and are unable to leave the place. STREET RAILWAY TAX.

Twin City Lines Raised But Duluth Lines Unchanged.

St. Paul, Sept. 28.—The committee of the state equalization board reported yesterday afternoon on the assessment to be levied on the Twin City Rapid Transit company and its several lines. The assessment was recommended at \$4,000,000. The taxes paid under the assessment last year footed up to \$750,000, and it is figured that under the increased assessment the taxes to be paid will be \$1,000,000.

G.O.P. ROWOUT

Republican Rally at Minneapolis, at Which Senator Beveridge Speaks.

Minneapolis, Sept. 28.—The meeting in honor of United States Senator A. J. Beveridge here last night was the most imposing public demonstration ever held in Minneapolis since the Republican convention eight years ago. More than 2,000 men were in the parade which the senator reviewed and more than 2,000 heard him speak others being turned away. The speech was delivered at the Exposition building, in the hall where Benjamin Harrison defeated James G. Blaine for the presidential nomination in 1888.

The exposition meeting was most enthusiastic and Senator Beveridge was given a rousing reception. He spoke for an hour and a half, and his speech was one of the most powerful ever heard in this city. He spoke of the Republican party as the party of progress, and of the American people as the people of progress. He spoke of the Republican party as the party of progress, and of the American people as the people of progress. Money Saving on New Fall Merchandise!

Certainly tomorrow will be another busy Saturday at Duluth's Greatest Store. "Money saving to our patrons and giving them the best styles and grades of wearing apparel is what makes this great store busy every hour of every day. Read the special Cloak Room offerings tomorrow.

Our big, well lighted Cloak Room is the centre of attraction in the great store, and for tomorrow we offer extra values in fashionable outer garments that will bring even greater crowds.

A goodly number left of the tailor-made suits advertised yesterday at \$10. We did not sell them all in a day. Just think of it—up-to-date suits in plain and fancy dyes—some silk lined, both jacket and skirt—all have silk lined jackets—nobby, tight-fitting suits in plain black, grey and brown. Suits sold at \$18, \$20, \$25, \$27.50 and even to \$35; to be closed out at \$10. Come early.

New Tailored Suits In Oxford Blue and Gray Cheviot, 6-button Box, silk-lined jacket, with bar-cuff sleeves—\$12.50.

SUITS... SUITS....

Up to the present moment chief est beauty in Suits and costumes is American made. Masterful advances have been made by American tailors this season, as the showing now here most emphatically proves. The range of beauty and quality is broad—starting at \$12.50. We show handsome Cheviot, Serge or Homespun Suits, silk lined throughout. Then finer fabrics and tailoring at \$14.98 and upwards. The advancement in costumes is perhaps still greater. Some exquisite dresses are shown at \$25.00 to \$70.00—but no more of the story can be told today.
